

# TEAC External 3.5" Hard Drive

## USB 2.0 or Firewire & USB Combo

### High-Speed External 3.5" Hard Disk Drives

40GB, 80GB, 120GB, 160GB, 200GB, 250GB, and 300GB Preformatted

- Compatible with both Windows and Mac
- Ideal solution for digital photos, MP3 and data files
- Easy installation and hot swappable
- Add unlimited storage with multiple TEAC external hard drives

TEAC 3.5" External Hard Disk Drives are preformatted and ready to go. You can add reliable, high performance storage instantly to your PC or Mac. Multiple drives can be added to deliver unlimited capacity.

Featuring USB 2.0/1.1 or Firewire & USB Combo compatibility and a fast access time, these drives deliver the fastest performance for data storage, backup or transporting large files between systems. Simply plug into a USB port or Firewire port for combo version and within seconds, your valuable data is securely transferred.

The sleek and ruggedized aluminum case design maximizes heat dissipation and keeps the hard disk drive running much cooler for optimum performance and years of dependable use.

Available in various capacities, these drives are ready to use right out of the box. The retail kit includes the drive, software driver CD-ROM disc, AC power adapter, interface cable(s), installation guide, and vertical orientation stand.
