- Records to Double Layer Discs
- Records to DVD-RAM Discs
- Supports Dual Format DVD +/- R/RW
- Writes and Rewrites to CD's
- Plays DVD Movies
- Reads CD-ROM
- Fast Write and Read Speeds
- Kit comes with Nero 9 Essentials Software

For the best performance and value, get TEAC's new Internal DV-W524GSBKEUBT DVD Writer. It records to DVD Media including double layer and DVD-RAM discs, reads, writes and rewrites to CD-R or CD-RW discs or plays DVD Movies with fast read and write speeds.

TEAC's DV-W524GSBKEUBT features an advanced buffer underrun Prevention technology. This disc-saving feature suspends the recording process until the buffer is refilled. No more bad Discs even when you are multi-tasking.

TEAC's drive supports a variety of DVD recording and playback applications as well as CD recording applications. The drive comes with installation hardware, recording and Video editing and DVD video player software and is ready for quick and easy installation on Windows systems.
